

SASA EDI Policy (March 2024)

As a not-for-profit offering sport and recreational activities in our community, one of SASA's priorities is to provide an inclusive environment that is welcoming, safe, and caring for all our members. SASA is about sport, good citizenry, community, and supporting our members. We will continue to strive to provide this for all.

To our 2 SLGBTQIA+ members and families, please know that you are an important part of the SASA community, and we will always have a place for you. We will continue to evolve to be as inclusive as possible within our sporting landscape.

Be ambitious. Be kind. We all need to know we belong.
